SQT Bio Microneedling

SQT BIO MICRONEEDLING

SQT Bio Microneedling is a minimally invasive cosmetic procedure that involves the use of small needles to create tiny punctures in the skin, aiming to stimulate the production of collagen and elastin, thereby improving the skin's appearance. However, the results can vary widely and are not guaranteed. Possible risks and complications of this procedure can include, but are not limited to: minor bleeding, bruising, risk of infection, possible scarring, changes in skin pigmentation, allergic reactions to the treatment, and unsatisfactory aesthetic results. Certain health conditions, skin types, or allergies may preclude some individuals from undergoing this treatment. It is incumbent upon you to provide an accurate and complete medical history, including all medications you are currently taking, existing health conditions, known allergies, and any past skin issues. This information is crucial to assess your suitability for the procedure and mitigate potential risks. I have been advised of the relevant information associated with this treatment and I confirm that I fully understand this advice. This includes advice about: the aims/motivations for having the procedure and the desired outcome the risks inherent in the procedure the risks inherent in refusing the procedure the risks specific to me the expected benefits of the treatment the potential disadvantages of the treatment alternative procedures and their pros and cons - including the option of no treatment at all any uncertainties about and the likelihood of success of the procedure any follow-up treatment that may be required CLINICAL PHOTOS AND VIDEOS: I agree to and authorise the taking of clinical photographs and videos. I understand that these clinical photographs and videos will form part of and will be kept with my confidential medical records. I have been asked what information I want and would need in order to make an informed decision. I have been given the opportunity to discuss my desired outcome fully in order for me to make an informed decision. I certify that I have read the above consent and that I fully understand it. I have been given ample opportunity for discussion and all my questions have been answered to my satisfaction. No new information has become available that affects my decision to have the treatment or my decision to consent. I hereby consent to this procedure. This constitutes the full disclosure and supersedes any previous verbal or written disclosures.

Do you understand the information you have been provided?

◯ Yes ◯ No

Do you feel sufficient information has been provided to you, to enable you to consent?

◯ Yes ◯ No

Has your consent been freely given?

◯ Yes ◯ No

Do you have any medical conditions?

◯ Yes ◯ No

Are you pregnant or breastfeeding?

◯ Yes ◯ No

Do you have a neuromuscular disease (e.g. MS, ALS, motor neuropathy myasthenia gravis, or Lambert-Eaton syndrome)?

◯ Yes ◯ No

Do you have an autoimmune disease?

◯ Yes ◯ No

Do you have any skin conditions?

◯ Yes ◯ No

Do you have any known allergies or have ever had anaphylaxis?

◯ Yes ◯ No

Do you have any active infection at the intended site of procedure?

◯ Yes ◯ No

Are you taking antibiotics or other prescription medications?

◯ Yes ◯ No

Is there any other Medical and/or Social History that we should know? If so, please provide full detail here.

What are your aims/motivations for having the procedure and the desired outcome? Please provide full details here.

Have you had this or a similar treatment before? If so, did you experience any problems? Please provide full details here.

Do you have any concerns? If so, please provide full details here.

Is there anything else we should know? Please provide full details here.
